

NON-WOVEN POLYPROPYLENE BAGS

Elkay Non-woven Polypropylene (NWPP) Bags are made to be attractive, strong and durable. Non-woven bags can hold twice as much as conventional carry-out plastic bags, and are much more durable, thanks to their 80 GSM gauge thickness. The bags have wide strong handles, and many of the bags are provided with a bottom insert for added strength and stability. Non-woven Polypropylene Bags are washable, so they can be used over and over, and they are 100% recyclable.

Because of their strength, NWPP bags are versatile, and Elkay stocks them for a variety of purposes: general purpose bags, shopping/grocery bags, take out bags and two-bottle and four-bottle wine bags. The bags are stocked in black color with attractive print designs, and custom options include printing and bag color. Non-woven bags are cost-effective and environmentally friendly: an option that won't let you down!

ITEM#	SIZE	QTY/CASE
