**PURELL® CS6 Soap & Sanitizer Dispenser Installation and Use Instructions**

Please read all instructions carefully before installing and using the dispenser. Do not install in locations where dispensers may be exposed to wet environments such as showers or areas where walls are washed down.

**Dispenser Installation**

1. Open dispenser by pressing release buttons on the side and allow the front cover to descend forward.

2. Check graphic on front of dispenser before installing. 
   - **HEALTHY SOAP®** = soap dispenser
   - **HAND SANITIZER** = hand sanitizer dispenser

3. Check label inside dispenser before installing. 
   - **CS6 SOAP** = soap dispenser
   - **CS6 SAN** = hand sanitizer dispenser

4. Install dispenser with at least 7” free space above counter top to allow routine service.

**5. If installing with wall fasteners**

   Using the dispenser, pierce the tape on the back plate to mark and drill four holes using 1/4” drill bit. Use the supplied wall anchor and #10 x 1” screws to secure the dispenser in place, being careful not to overtighten. It is recommended to use 4 screws. If only two are possible, the top two holes should be used. Recommended holes shown.

**6. If installing with tape**

   Clean installation surface with an alcohol pad. Allow surface to dry for 60 seconds then peel paper off installation tape and press the dispenser firmly against the wall for 10 seconds. For maximum adhesion, wait 24 hours before loading refill or using dispenser.

**7. Install the SHIELD™ Floor and Wall Protector into the bottom of the dispenser by aligning plastic tabs on the Shield with slots on the dispenser and sliding up until the tabs snap into place. (Shield is included with Sanitizer Systems and can be ordered for Soap systems).**

**8. Remove battery tab to activate the dispenser.**

**9. Install vanity plate by inserting plastic tabs located on back of vanity plate into slots in dispenser and push top of vanity plate until a click is heard.**

**10. Remove refill cap and push the refill into dispenser until a click is heard.**

**11. Close dispenser cover.**

**12. Place palms approximately 2” below dispenser, product will dispense within 1 second of sensor activation.**
**Refill Replenishment**

1. Open dispenser by pressing release buttons on the side and allow the front cover to descend forward.

2. Push **green** release button and remove empty refill.

3. Match label on refill with label on dispenser.

4. Remove refill cap and push the refill into dispenser until a click is heard.

5. Close dispenser cover.

6. Place palms approximately 2” below dispenser, product will dispense within 1 second of sensor activation.

---

**Disposal/Recycling**

1. Insert a flat blade screwdriver into the slots on the refill collar and twist to separate the collar from the refill. Unscrew the pump from the bottle and discard.

2. Separate the refill pump from the recyclable PET Bottle. Dispose/Recycle the PET Bottle and Collar.
Locking the dispenser with LOCK OR NOT™ Technology

1. Open dispenser by pressing release buttons on the side and allow the front cover to descend forward.
2. Slide locking mechanism upward until a click is heard. Dispenser is locked.
3. Check for successful lock by pressing buttons on sides of the dispenser.

Disabling the Locking Mechanism

1. Insert key in top of dispenser to release front cover.
2. Push locking mechanism downward to unlock dispenser. Dispenser is unlocked.

TRUE FIT™ Wall Plate and MESSENER™ Dispenser Station Installation

The TRUE FIT & MESSENER Station are optional accessories that can be utilized with the dispensing systems.

Use the TRUE FIT Wall Plate to cover any wall damage from removing old dispensers.

The MESSENER Station lets you add a sign to promote good hand hygiene.

1. Install the TRUE FIT wall plate at the designated anchor holes. Place the TRUE FIT wall plate between the dispenser and the wall during installation.
2. Slide two prongs at the bottom of the MESSENER Dispenser Station into the inlet holes above TRUE FIT Wall Plate until they set in. The MESSENER Dispenser Station accepts a standard 3”x4” clear name badge holder with a 3”x4” name badge card that can be ordered from most office supply vendors. Print a message on a 3”x4” name badge card and insert the message between the frame and back with message facing out.

Order this wall plate if you aren’t using a MESSENER Station.

The MESSENER Station includes a Wall Plate.

- 7740-GPH-18 TRUE FIT Wall Plate - Graphite
- 7741-GPH-18 TRUE FIT Wall Plate + MESSENER Dispenser Station - Graphite
- 7740-WHT-18 TRUE FIT Wall Plate - White
- 7741-WHT-18 TRUE FIT Wall Plate + MESSENER Dispenser Station - White
Dispenser Status LED
Green Flash - every 7 seconds = good
NO LED - batteries need replaced
- no refill installed

Warnings
Use dispenser only as directed.
Do not use in areas where dispenser may be exposed to wet environments such as showers or outdoors.
Do not install or use in extreme hot or cold locations.
Dispensed product intended for external use only. Refer to refill for actions in case of ingestion.

Cleaning and Maintenance
Clean exterior surfaces of the dispenser using warm water and mild soap.
DO NOT USE ABRASIVE CLEANERS.
Dry with a soft cloth.

Troubleshooting
No Dispensing, Motor Does Not Run
- Hands are not directly beneath sensor
- No refill is loaded
No Dispensing, Motor Runs
- Refill is empty or loaded incorrectly
- Refill pump is not primed
